I. FOREWORD

Foreword

Dr. Sook-Il Kwun
President
(April 1, 2014–Present)

The National Academy of Sciences, Republic of Korea (the NAS in short), the virtual senate of Korean scholars, celebrated its Diamond, that is 60th, Anniversary of foundation in May 14, 2014, which, with President Park Geun-Hye attending, entertained a grand ceremony including an academic symposium and a book exhibition.

The NAS, as the representative academic institution in Korea, has been participating in international academic activities in various international organizations such as ICSU (International Council for Science), UAI (Union Académique Internationale) and IAP (Global Network of Science Academies). Lately, the NAS has been involved, in conjunction with the National Institute of Korean History, in the UAI-supervised project of *the English translation of Varitable Records of the Joseun Dynasty*.

The NAS has also set up collaborative relationship with 13 foreign academies. For instance, the 10th Korea-Japan Science Forum (with the theme: Politics and Physics) was held in Seoul in Oct, 2015. The next one will be held in Tokyo in 2016. We will actively implement mutual scientific exchanges and support research collaborations between the NAS and its foreign counterparts.

The role of the NAS will have to grow both domestically and globally. By providing an output of scholarly publications, developing joint research projects to generate knowledge that can be used as a foundation for policy initiatives, and collaborating with international, national and local organizations, the NAS will meet the challenges of the coming years.

4. Organization

Table of Organization

General Assembly

As the top decision-making body, the General Assembly deliberates over and resolves the highest priorities for managing the NAS, such as approving newly elected members, ratifying the NAS Award recipients, electing president and vice-president, and legislating and amending rules. It is held in March and July, and also whenever deemed necessary.

Division Meeting

The NAS consists of two divisions: the Humanities & Social Sciences Division and the Natural Sciences Division. Division meetings are held to elect new members and division directors, and select NAS Award recipients.

Board of Directors

The Board of Directors is composed of 4 executive directors (President, Vice-President, 2 Division Directors) and 11 Section Chairs. The Board reviews and votes on the matters delegated by or proposed to the General Assembly and also such matters as deemed necessary by the President. Both President and Vice-President are elected by the General Assembly and their term of office is two years and renewable once. Directors of the Humanities & Social Sciences Division and the Natural Sciences Division are elected at the respective Division meetings and their term of office is one year and renewable once. Section Chairpersons are elected by the members of each Section and their term of office is one year and renewable once.

Subdivision Meeting

All members of the NAS belong to a subdivision based on their field of study. Each subdivision holds 7 meetings a year to discuss academic research matters as well as screen new NAS member candidates and NAS Award candidates.

II. GENERAL INFORMATION

The Screening Process of the NAS Award

The recipients of the NAS Award are selected through a 3-step screening process: the preliminary screening by each Section, the divisional review by the Screening Committee of the two divisions, and the final decision by the Comprehensive Deliberation Committee. Each Screening Committee is composed of 15 or less members and the Comprehensive Deliberation Committee of President, Vice-President, 2 Division Directors and 11 Section Chairpersons.

International Exchange & Cooperation Committee

The International Exchange & Cooperation Committee deals with the tasks related to the NAS affiliated international academic organizations and activities such as collecting materials and data on international academic awards.

Publication Committee

The Publication Committee consists of the president, vice-president, two division directors, and eleven members from each subdivision. The Committee is in charge of the NAS publication: setting up a basic plan, appointing writers and referees, and overseeing other editorial matters.

Ethics Committee

The Ethics Committee consists of the vice-president and eleven members from each subdivision. It is to take a disciplinary measure against a member who has damaged the honor and dignity of the NAS.

Office of the NAS

Office of the NAS consists of General Affair Division and Academic Promotion Division and is affiliated to the Ministry of Education, carries out the administrative affairs of the NAS.

01 The NAS Award

NAS Award Ceremony

The NAS Award was established in 1955, in accordance with the Culture Protection Act, to further the advancement of science in Korea. The National Academy of Sciences presents the NAS Awards to Korean scholars and scientists who have made significant contributions to the development of sciences through research and academic pursuits. A total of up to 6

from Humanities & Social Sciences Division and the Natural Science Division are awarded each year.

As of 2015, a total of 224 scholars received the NAS awards. Awardees are presented with the Letter of Citation and an emblem, plus a cash prize of 50,000,000 *won* (approximately USD 46,000).

The selection of recipients is made in accordance with the “Regulations of Award of the National Academy of Sciences Prize.” All the successive recipients of the NAS Award are listed).

The NAS will make an effort to increase the number of recipients.

NAS Award Ceremony

02 The International Symposium

The NAS holds its annual International Symposium in October. The symposium is intended for the exchange of academic knowledge and promotion of goodwill among scholars of the world. The 1st International Symposium was held in 1960 and the 42nd International Symposium in 2015.

The 42nd International Symposium was held on October 23, 2015, in the Grand Conference Hall of the NAS, with “Interdisciplinary Explorations of Language in Our Age” as its theme.

03 The Korea-Japan Science Forum

The NAS holds the Korea-Japan Science Forum to enhance the academic activities and to promote the mutual understanding and cooperation between the two academies. Under the theme of “Politics and Physics”, the 10th Korea-Japan Science Forum was held in Hoam Faculty House of Seoul National University from October 6 to 8, 2015. The 11th Korea-Japan Science Forum will be held in Tokyo, Japan from September 28 to September 30, 2016.

04 The NAS Seminar

To promote the development of science in Korea and to advise the Government for the formulation of enlightened policies the NAS hosts one academic research seminar and one policy research seminar every year. The objective of these seminars is to derive maximum advantage from the latest results of scientific researches as well as the expertise and professional knowhow of the NAS members. The academic seminar and the policy research seminar are held in May and November, respectively. Besides these two seminars, subdivision seminar is held once a year in April or May.

05 The NAS Research Grants

As a measure of continuous support for research activities of the members, the NAS Research Foundation provides selected NAS members with research grants every year. A total of 17 research projects are carried out annually—11 projects, one each from 11 subdivisions, 2 projects, one each from 2 Divisions, 2 projects for the Academic Research Seminar, and 2 projects for the Policy Research Seminar. Each project is funded by a grant of a fixed amount. Results or findings of these projects are presented either at the Subdivision seminars and the Policy Research Seminar. They are also published in the *Journal* of the NAS and distributed to domestic and overseas academic organizations. Findings of Policy Research projects are conveyed to relevant ministries of the Government for their reference and utilization.

06 Collaborations with Foreign Academies

The NAS is making every effort to establish collaborative relationship with foreign academies for the development and exchanges of sciences. In 1990 cooperative relations protocols were established between the NAS and the Israel Academy of Sciences and Humanities and in 1992 between the NAS and Académie des Sciences of France. In 1993 the NAS signed similar protocols with the Chinese Academy of Sciences, the Chinese Academy of Social Sciences, the National Academy of Sciences of the United States, and the Royal Society of London. Cooperative relationship was also established between the NAS and the British Academy in 1995 and between the NAS and the Norwegian Academy of Science and Letters in 1996. Again in 1997 the NAS signed protocols for academic cooperation with the Royal Swedish Academy of Letters, History and Antiquities and with the Mongolian Academy of Sciences. In 1998 the NAS exchanged a letter of cooperation with the Royal Swedish Academy of Sciences and the Memorandum of Agreement on academic exchanges with the Japan Academy. In 2010 the NAS signed a memorandum of understanding for scientific cooperation with the Croatian Academy of Sciences and Arts.

Most recently, in 2011, a letter of intent was exchanged between the NAS and the Göttingen Academy of Sciences and Humanities and a follow-up cooperative agreement was signed in 2012.

07 Affiliated Research Institutes

In 1990 protocols for academic cooperation were signed between the NAS and various research institutes including the Academy of Korean Studies and the Korea Advanced Institute of Science and Technology. In 2012, the NAS established a cooperative agreement with the National Institute of Korean History for joint research projects. *The English Translation of the Veritable Records of the Joseon Dynasty* is currently underway as part of UAI-supervised projects. Active academic discussions and exchanges of information often take place at international, as well as national, levels.

08 Participations in International Conferences

To help promote international academic cooperation and enhance academic programs at home, the NAS participates in the meetings of various international academic organizations on behalf of the Republic of Korea.

These organizations include Pacific Science Association (PSA), International Council for Science (ICSU), the International Foundation for Science (IFS), Union Académique Internationale (UAI), Federation of Asian Scientific Academies and Societies (FASAS), International Geosphere-Biosphere Programme (IGBP), InterAcademy Panel: The Global Network of Science Academies (IAP), InterAcademy Medical Panel on Global Health Issues (IAMP), Science Council of Asia (SCA), and International Social Science Council (ISSC).

- 1) The NAS joined IFS in 1973 and it took part in its triennial general meeting from 1978 to 1997.
- 2) The NAS joined ICSU at its 9th general meeting in 1961, and has ever

since been dispatching two delegates to its general assembly held every three years.

- 3) The NAS delegation attends PSA Congresses, PSC (Pacific Science Congresses) and PSIC (Pacific Science Inter-Congresses), contributing to the promotion of academic exchanges in the region since the NAS joined PSA at its 9th meeting in 1957. It held its 16th General Meeting in Seoul in 1987.
- 4) Since it joined UAI in 1977, the NAS has been sending two delegates to its meeting every year. As part of UAI's research activities, the NAS published *A Korean Language Atlas* in 1993. Another research project *English Translation of the Veritable Records of the Joseon Dynasty* was accepted as a UAI Enterprise in 2012.
- 5) Since the NAS joined FASAS in 1987, the NAS delegate has been attending both its council meeting and international symposium held once every year. The NAS held FASAS council meeting in Seoul in 1993. Dr. E-Hyock Kwon was elected vice-president of FASAS in 1992. In 2011, FASAS decided to merge itself with Association of Academies of Science in Asia (AASA) to launch Association of Academies and Societies of Sciences in Asia (AASSA). AASSA is a non-profit international organization, having 34 scientific organizations from 30 countries in Asia and Australia.
- 6) Since 1995, the NAS has actively participated in IGBP activities. The NAS supported the 9th SC-IGBP Meeting and International Workshop in the Asia region held in Seoul respectively on October 18–22 and November 11–13, 1996.
- 7) Since the NAS joined IAP in 2000, it has been sending its delegates to attend its conference.
- 8) The NAS joined IAMP in 2000, and has been participating in the IAMP's general assembly.
- 9) Since the NAS joined the SCA in 2000, its delegates have been attending the SCA's general assembly meetings and conferences. Dr. Ho Wang Lee was elected president of SCA in 2003. The 4th Science Council of Asia (SCA) Conference was hosted by the NAS at Westin Chosun Hotel in Seoul in 2004.

III. MAJOR ACTIVITIES

- 10) The NAS joined ISSC in 2010, and has been actively participating in the ISSC's general assembly and symposia.

In the years ahead the NAS will attempt to actively take part in research projects conducted by aforementioned 9 international academic organizations. Through these international activities the NAS hopes to share, more than anything else, the vision of promoting human welfare with international science organizations.

09 The NAS Research Foundation

The NAS established Research Foundation in April 1986 to provide substantial assistance for the NAS members' academic activities. The basic assets of the Foundation were created with contributions from the NAS members as well as from economic organizations. The President of the NAS serves as Chairperson of the NAS Research Foundation. Directors include former Presidents and public personages. The major programs of the Foundation are to provide the NAS members with research grants, to subsidize their academic meetings and exchange with foreign scholars, to help them participate in international conferences, and to support their academic publications.

10 NAS Publications

To facilitate various academic publications and to review the papers contributed to the *Journal*, the NAS has created "Regulations of the NAS Publications Committee".

- 1) The *NAS Journal*, published annually, consists of two volumes: one for the Humanities and Social Sciences and the other for the Natural Sciences. The *Journal* carries two theses from each of the eleven subdivisions of the NAS. Since its first issue that came out in 1959, fifty-four volumes have so far been published.

- 2) The NAS Bulletin is issued every year. The Annual Bulletin contains a brief introduction of the NAS and its major annual project reports. The outcomes of membership seminars and individual activities are also included there. In 2015 the 56th issue of the Bulletin was published (its first one out in 1957). The Bulletin copies are distributed to foreign academies, major universities and institutes at home and abroad. The Bulletin is issued biennially in English.
- 3) The bibliographies compiled for various academic fields used to be published either every year or every other year. It contains the abstracts of the articles selected from among the many academic articles published in Korea and those published by Korean nationals abroad since 1901. The first one was *Bibliography of Korean Language and Literature* published in 1966. The last one, the 55th Volume in the series, was *Bibliography of Communication and Electronics* which was published in 1999. They were distributed to foreign academies, major university libraries and other domestic academic institutes.
- 4) Proceedings of International Symposia, available in Korean and English, have been published since the 3rd International Symposium held in 1975. They are also distributed to foreign academies, major universities and institutes at home and abroad.
- 5) For the purpose of providing references for those scholars at home and abroad who are interested in Korean studies, the NAS published in 1983 *An Introduction to Korean Studies*, covering the politics, economy, social and cultural aspects, and history of Korea. It was written by leading NAS members and scholars in related fields. It was distributed to foreign academies and institutes of Korean studies. Its English version was out in 1986.
- 6) Until 2010, the NAS published an annual series of "The Development of Science Study in Korea" (in Korean) for the purpose of providing references for the scholars at home and abroad who are interested in the development of sciences in Korea. Its leading contributors are NAS members and scholars in the related fields. The first one of this series which appeared in 2000 for the Humanities and Social Sciences Division was on Western Philosophy,

III. MAJOR ACTIVITIES

Aesthetics, Religion, Psychology, Pedagogy, and Eastern Philosophy. As for the Natural Sciences Division, its first publication was on the field of Chemistry.

- 7) The NAS publishes a series of “Trends and Issues of Academic Research” (in Korean) to provide scholars an in-depth perspective of current trends and controversial issue of academic research and to shed light on the future research in orientation. The first one of this series which appeared in 2011 for the Humanities and Social Sciences Division was on Economics and Business Administration and the second one on Philosophy, Psychology, and Pedagogy.

The fifth series which will come out in 2015 for the Natural Sciences Division is on the field of biology.

NAS Publications

11 Supporting Outstanding Books for Basic Science Promotion

The NAS has been undertaking the 'Program of the Selection and Distribution of Outstanding Books' delegated by the Ministry of Education as part of the Ministry's Basic Sciences Promotion Project. Books in the fields of Humanities, Social and Natural Sciences, and Korean Studies are eligible for selection. Through a process of rigorous evaluation the NAS annually selects some 300 outstanding books. The NAS allocates maximum amount of nearly 8,000,000 won per book to purchase those selected ones and distributes them to universities, public libraries, and research centers throughout the nation.

1. The Act of the NAS

Formulation under Law No. 4045, December 31, 1988;
7th Amendment under Law No. 11690, March 23, 2013

Article 1 (Purpose)

The purpose of this Act is to establish the National Academy of Sciences of the Republic of Korea (hereinafter referred to as the NAS) so as to recognize and support scientists who have rendered meritorious services in the development of the sciences, and to carry out academic research and supportive programs thereof, contributing to the development of sciences.

Article 2 (Function)

The NAS shall be a representative organ of scientists at home and abroad, and shall carry out the following matters necessary for the development of the sciences:

1. Consultation and recommendation on policies for the promotion of the sciences;
2. Scientific research and support thereof;
3. Domestic and foreign academic exchange and holding of scientific events;
4. Awarding of the NAS Prize;
5. Other matters for the promotion of the sciences.

Article 3 (Organization)

1. The NAS shall be composed of members of the National Academy of Sciences (hereinafter referred to as the "members").
2. The fixed number of members shall be one hundred and fifty.
3. The NAS shall have the Humanities & Social Science Division and the Natural Sciences Division, and they shall have subdivisions, standing for specialized fields.
4. Each member shall belong to one of the subdivisions according to his or her major field of research.

Article 4 (Member Qualification)

The members shall be a citizen of the Republic of Korea, and shall fall under either of the following subparagraphs:

1. A person who has graduated from a university under the Education Act or a school at least equivalent, whose career in scientific research extends no less than twenty years, and whose meritorious service to the development of the sciences is outstanding;
2. A person whose career in scientific research extends no less than thirty years, and whose meritorious service to the development of the sciences is outstanding.

Article 5 (Election of Members)

1. Members shall be elected by the Division meeting, on the basis of the screening by the Member Screening Committee, from among the candidates recommended by an NAS member or by an academic organization, and shall be approved by the General Assembly.
2. Matters for the composition of the Member Screening Committee shall be determined at the General Assembly.

Article 6 (Term of Members)

1. The term of membership is lifetime.
2. Members serve part-time.

Article 7 (Treatment of Members)

1. Members shall be treated honorably and appropriate actions be taken for making practical use of their learning and experiences.
2. Members shall be paid allowances or stipends under the provisions prescribed by Presidential Decree.

Article 8 (Election of President and Vice-President)

1. The NAS shall have a president and a vice-president.
2. The president and vice-president shall be elected at the General Assembly.
3. The term of the president and vice-president shall be two years, and shall be renewable once.

Article 9 (Duties of President and Vice-President)

1. The President shall take charge of the affairs of the NAS and represent the Academy.
2. The Vice-president shall assist the president, and when the president is unable to perform his or her duties, the vice-president shall act on the president's behalf.

V. APPENDICES

Article 10 (Director of Division)

1. Each division shall have a director of the division who shall be elected from among the members of the division concerned.
2. The term of the division director shall be one year and renewable.
3. The director shall take charge of the affairs of the division.

Article 11 (Head of Subdivisions)

1. Each subdivision shall have a head of the subdivision who is elected by co-option from among its members.
2. The term of the subdivision head shall be one year and renewable.
3. The head of subdivision shall manage the affairs of the subdivision.

Article 12-1 (Meetings)

1. The meetings of the NAS shall be classified into: General Assembly, Division meeting and Subdivision meeting.
2. The General Assembly shall be the highest deliberative organ of the NAS, and if the president deems it necessary, or a third or more members demand it, the president shall convene it.
3. Division or Subdivision meetings shall be convened, if necessary, by the division director or the subdivision head.
4. The decisions of meetings shall be made by attendance of a majority of members and with affirmative voting of a majority of attendant members.

Article 12-2 (Honorary Members)

1. Foreigners with outstanding academic achievements may be appointed as honorary members of the NAS for the purpose of promoting academic exchange and collaborations with foreign countries.
2. Matters necessary for the number, qualification, office term, appointment method, allowances, etc. of honorary members shall be as prescribed by Presidential Decree.

[This Article Newly Inserted by Act No. 6740, Dec. 5, 2002]

Article 13 (Support of Academic Activities)

The State may pay a bounty, subsidy, or monetary reward to scientists or scientific organizations for their contributions to learning, in compliance with the recommendation of the NAS.

Article 14 (NAS Award)

The NAS may award NAS prizes to persons who have performed an excellent academic research and rendered outstanding meritorious service.

Article 15 (Joining International Science Organizations)

The NAS may be affiliated with international science organizations.

Article 16 (Expenses)

Expenses needed for the enforcement of this Act shall be borne by the State.

Article 17 (Support)

The Minister of Education shall support the activities of the NAS.
[Amended by Act No. 4268, Dec. 27, 1990;

1. The NAS Award shall be presented on the 17th of September every year. However, when the day falls on a public holiday, the presentation shall take place on the following day.
2. In special circumstances, the date of the presentation may be changed by the discretion of the President of the NAS (hereinafter referred to as the President).

Article 4 (Award Requirements and Categories)

1. The NAS Award shall be presented to the nationals of the Republic of Korea whose research articles or publications have made significant contributions to the academic development or who have been recognized as having potentials for such contributions.
2. The NAS members are not eligible for the NAS Award, except those who become members of the NAS after having already been chosen as NAS Awardees.
3. In accordance with Paragraph (1), the NAS Award shall be presented to four separate fields, namely the Humanities, Social Sciences, Basic Natural Sciences, and Applied Natural Sciences.
4. Award recipients are restricted to the maximum of eight in number, there being two or less for each field. However, if and when the recipients chosen exceed the prescribed number, Special Screening Committee shall be set up to adjust the number.

Article 5 (Recommendation of Candidates)

1. The President shall request, not later than October 31st of the previous year of the presentation, the members of the NAS and the heads of the academic institutes and organizations both at home and abroad to recommend eligible candidates for the NAS Award.
2. The President may seek, if necessary, further recommendations from a special committee composed of the NAS members and qualified persons from outside.
3. The President shall receive a list of the recommended candidates for the NAS Award from those prescribed in Paragraph (1) not later than the end of December of the previous year of the presentation.
4. The President shall refer the list of candidates thus obtained to the related subdivisions of the NAS.

Article 6 (Preview by subdivision Meeting)

1. A subdivision meeting shall preview articles and/or publications, and other relevant matters of the candidates and notify the President the result of the preview, upon which the President shall refer it to the Screening Committee of each Division as prescribed in Article 9.
2. A subdivision meeting may recommend evaluating members relevant to the screening committee, and the preview by subdivision meeting shall be convened no more than twice.
3. The result of the preview will be decided by the attendance of a simple majority of the subdivision members and by the approval of the majority of the members attended.
4. Each subdivision shall choose not more than two from among the candidates and refer him/her or them to the Screening Committee.

Article 7 (Divisional Screening Committee)

1. There shall be four screening committees; namely the Humanities Division Screen Committee, the Social Sciences Division Screening Committee, the Basic Natural Sciences Division Screening Committee and the Applied Natural Sciences Division Screening Committee.
2. Under Paragraph 1 the screening committees aforesaid shall each be composed of 5 or more, 13 or less, including the chairperson of the committee. The President, upon receiving the result of the subdivision meetings and the recommendation of the Director of each division, shall organize the Screening Committees. The Director of Humanities &

V. APPENDICES

Social Sciences Division shall serve as an ex officio member of the Humanities Division Screening Committee and the Social Sciences Screening Committee; the Director of Natural Sciences Division shall serve as an ex officio member of the Basic Natural Sciences Division Screening Committee and the Applied Natural Sciences Division Screening Committee.

3. Each Divisional Screening Committee shall conclude its screenings by May 15 every year.
4. Each Screening Committee shall review researches and academic and meritorious achievements submitted by each candidate and duly evaluate them.
5. The meetings of each Screening Committee shall be held three times, but additional meetings may be convened, if necessary.
6. The Chairperson of each Screening Committee shall be named by the President from among the NAS jury members. The Chairperson shall preside at the committee meetings.
7. Each meeting of the Screening Committee shall be convened by the Chairperson of the committee. The attendance of more than two-thirds of the committee members and the concurrence of more than the majority of the members present shall be necessary for making any decision.
8. Each Screening Committee shall select not more than two prospective candidates for the NAS Award and notify the Chairperson of the result of the Comprehensive Deliberation Committee, as prescribed in Article 7.

Article 8 (Special Screening Committee)

The Vice-President shall serve as the Chairperson of the Special Screening Committee prescribed in Paragraph 4, Article 4. The Committee shall be composed of six or less members recommended by the Chairperson and appointed by the President. It shall conclude its screenings by May 31 every year.

Article 9 (Comprehensive Deliberation Committee)

1. The meeting of the Comprehensive Deliberation Committee shall conduct the comprehensive deliberation for the prospective candidate prescribed in Article 7, Paragraph 8.
2. The Comprehensive Deliberation Committee shall be composed of President and Vice-president, two Division Directors and eleven

subdivision Chairpersons of the NAS. The President shall serve as the Chairperson.

3. The attendance of more than two-thirds of the Committee members and the concurrence of more than two-thirds of the members present shall be necessary for the decision of the Committee to be made.
4. The Committee shall conclude the deliberation by June 30th of the year and the Chairperson should notify, without any delay, the decision of the Committee to the Directors of both the Humanities and Social Sciences Division and the Natural Sciences Division.

Article 10 (Selection of the Awardees)

1. Each Division Meeting shall select, with the attendance of a simple majority of the members and the concurrence of a simple majority of those present, recipients of the Award from among the candidates as prescribed in Article 7, Paragraph 4. The number of recipients cannot exceed that which is prescribed in Article 4, Paragraph 4.
2. Each Division Director shall, without any delay, report to the President the prospective candidates thus selected.

Article 11 (Ratification of Awardees)

1. The President shall refer the list of Awardees notified by the Division Directors as prescribed in Article 10, Paragraph 2, to the General Assembly of the NAS for the ratification not later than thirty days before the date of the Award Ceremony.
2. The ratification as prescribed in Paragraph 1 shall be effective with the concurrence of the simple majority of the NAS members present.

Article 12 (Exclusion)

Under Article 4, Paragraph 2, no member of the NAS nominated as a candidate for the Award shall participate in its decision-making of the Divisional meeting and the General Assembly.

Article 13 (Supplementary Prize, etc.)

The recipients of the NAS Award shall be presented with the Letter of Citation, an emblem and a monetary award.

4. Regulations on the Provision of the NAS Academic Research and Policy Research Grants

Formulated under NAS Regulation No. 33, December 28, 1981
3rd Amendment under NAS Regulation No. 45, October 19, 2010

Article 1 (Purpose)

The purpose of these Regulations is to govern matters related to the provision on the NAS academic research and policy research grants with a view to fulfilling the function provided for in Article 2 of the NAS Act.

Article 2 (Recipients)

Recipients of the NAS academic research and policy research (hereinafter referred to as research grants) shall be the members of the NAS. If a need for joint research by more than one person arises, a person or persons who are not members of the Academy may participate. In this case, however, a member of the NAS shall be the joint research team leader.

Article 3 (Selection of Projects, etc.)

1. Projects, subject to the receipt of the research grants, and their researchers shall be selected by the NAS Board of Directors (hereinafter referred to as Board of Directors).
2. The President of the NAS shall assign research projects to those selected as prescribed in Paragraph (1).

Article 4 (Forwarding of Research Plan)

A person or persons to whom a research project has been assigned under the provisions of Article 3 shall furnish the President of the NAS with a research plan in the form given in Attached Sheet No. 1.

Article 5 (Payment of Research Grants)

1. Upon receiving a research plan as prescribed in Article 4, the President of the NAS shall determine the amount of research grants through deliberations by the Board of Directors.

2. Research grants shall be paid in two installments annually. However, they may be paid in a lump sum in case the Board of Directors so decides.

Article 6 (Prohibition of Using Research Grants for Other Purposes)

The research grants paid shall not be used for purposes other than approved research projects.

Article 7 (Change in Research Plan)

1. When persons who have been paid research grants wish to change the research team leader or research period, they shall submit a request for approval of the change in the form given in Attached Sheet No. 2 to the President.
2. The President shall refer the submitted request for approval of any change in research plans prescribed in Paragraph 1 to the Board of Directors for approval.

Article 8 (Interim Report)

1. Persons, who have been paid research grants, shall submit an interim report to the President within seven months from the time of the receipt of the grants by using the form given in Attached Sheet No. 3.
2. Upon the receipt of an interim report prescribed in Paragraph 1, the President shall determine whether to pay the second installment of the fund through deliberations by the Board of Directors.

Article 9 (Report on the Research Result)

1. Persons, who have been paid research grants, shall submit a summary report on the research result and the manuscript of their resultant theses to the President within a year from the time of the receipt of the grants by using the form given in Attached Sheet No. 4.
2. If persons, who have been paid research grants, fail to submit a summary report on the result of research and the manuscript of their resultant theses within the period prescribed in Paragraph 1 or within a period approved under the provisions of Article 7, they shall refund the research grant depending on the decision of the Board of Directors.

V. APPENDICES

3. Persons who have been paid research grants shall not, without the approval of the Board of Directors, make public or publish the results of the research in a journal published by an organization other than the NAS.
4. When the result of research projects is printed in one of the NAS publications, there shall be no payment for it.

Article 10 (Disposition of Results of Research)

The President shall, through deliberations by the Board of Directors, take measures as follows:

1. To publish the research results either in the NAS Journal or in the NAS academic research report.
2. To make policy recommendation based on them.
3. To use them for an academic seminar sponsored by the NAS.

ADDENDUM

(NAS Regulation No. 33, December 28, 1981)

These Regulations shall come into force on the date of their promulgation.

ADDENDUM

(NAS Regulation No. 45, January 24, 1989)

These Regulations shall come into force on the date of their promulgation.

5. Regulations of the NAS International Exchange & Cooperation Committee

Formulated under NAS Regulation No. 69, March 13, 2009

Article 1 (Purpose)

The purpose of these regulations is to prescribe overall matters of NAS international exchange activities such as international academic cooperation and the gathering of information on international academic awards in accordance with Article 15 of the Act of the NAS.

Article 2 (Function)

The Committee shall deliberate and decide the following matters:

1. The academic exchange and cooperation with foreign science academies and international science organizations
2. The dispatch of delegation to international science organizations
3. The nomination of candidates for international academic award and cooperation with relevant institutions.

Article 3 (Composition)

1. The Committee shall be composed of fourteen members including one chairperson.
2. The Vice-President shall be the chairperson of the Committee.
3. The directors of two NAS divisions shall be the ex-officio members of the Committee.
4. The President shall nominate one member each from the 11 NAS subdivisions.
5. The term of the members is two years and is renewable.
6. The President shall fill a vacancy by nominating a member from the relevant NAS subdivision and the newly nominated member shall serve for the remaining term.

Article 4 (Chairperson)

1. The chairperson shall preside over Committee affairs and represent the Committee.
2. The oldest ex-officio member shall preside at the meeting in case the chairperson is unable to do so.

V. APPENDICES

Article 5 (Meeting)

1. A Committee meeting shall be convened by the chairperson when either the chairperson deems it necessary or it is requested by more than half of the Committee members.
2. The decision of the Committee shall be made by the attendance of a simple majority of the Committee members and the concurrence of a simple majority of the attendants. In case of a tie, the presiding chairperson shall exercise his casting vote.

Article 6 (Executive Council)

1. The Executive Council shall be composed of seven or less members including chairperson and ex-officio members and shall promote international academic exchange and cooperation in addition to dispatching delegation to international science conferences.
2. The term of Executive Council members is one year and is renewable.

Article 7 (Secretary, etc.)

1. The Committee shall be provided with a secretary and a clerk.
2. The director of Science Promotion Division shall serve as the secretary and the President shall appoint a clerk from among the staffs of Science Promotion Division.
3. The secretary shall deal with the Committee matters according to the instructions of the chairperson, and the clerk shall assist the secretary.

ADDENDUM

1. These regulations of International Exchange and Cooperation Committee shall be enforced on the date of their promulgation.
2. (Repeal of existing related Regulations) The "Regulations on the NAS Korea Committees of International Academic Organizations (NAS Regulation No. 67, March 9, 2007)" as well as the "Regulation of NAS International Cooperation (NAS Regulations No. 61, April 1, 2002)" shall be repealed with the enforcement of these Regulations.

6. Regulations on the Election of the NAS Honorary Members

Formulated under NAS Regulation No. 65, July 15, 2003

Article 1 (Purpose)

The purpose of these Regulations is to prescribe necessary matters concerning the composition and operation of the Honorary Member Qualification Screening Committee under Article 5 of the Regulation on the Appointment, etc. of the NAS Honorary Members (hereinafter referred to as the Appointment Regulations).

Article 2 (Composition)

1. The Honorary Member Qualification Screening Committee shall be composed of fifteen committeemen/committeewomen: President and Vice-President, 2 Division Directors, and 11 subdivision Chairpersons.
2. The Chairperson of the Honorary Member Qualification Screening Committee shall be the President of the NAS.
3. A majority of the committeemen/committeewomen of the Honorary Member Qualification Screening Committee shall constitute a quorum of the meeting thereof and the meeting shall make decisions by a simple majority of the committeemen/committeewomen present.

Article 3 (Functions)

The functions of the Honorary Member Qualification Screening Committee shall be as follows:

1. Designation of academic organizations to recommend honorary members
2. Comprehensive screening of candidates for the honorary membership
3. Other matters concerning the operation of the Honorary Member Qualification Screening Committee.

Article 4 (Qualification for Honorary Membership)

Qualified are foreign scholars who are internationally recognized to have produced an outstanding academic research achievement and who were awarded a prize of international authority or accomplished such an excellent research achievement as recognized internationally.

V. APPENDICES

Article 5 (Recommendation of Candidates for Honorary Membership)

1. Any NAS member or the head of any relevant academic organization designated by the NAS may recommend a candidate for the honorary membership.
2. Any one who intends to recommend a candidate for the honorary membership shall submit a written recommendation as prepared in accordance with the attached Form I to the President of the NAS.
3. The Chairperson of the Honorary Member Qualification Screening Committee may, for the purpose of conducting any screening of a recommended candidate for the honorary membership, require recommenders of candidates to submit necessary materials.

Article 6 (Screening by Each subdivision)

1. The President of the NAS shall require the related subdivision to conduct screening candidates recommended for the honorary membership, and a majority of the subdivision members shall constitute a quorum of the meeting thereof and the meeting shall make decisions by a simple majority of the members present.
2. The Chairperson of the subdivision concerned shall notify the President of the result of the screening.

Article 7 (Screening by the Honorary Member Qualification Screening Committee)

The Honorary Member Qualification Screening Committee shall conduct the comprehensive screening of the qualification of the honorary-member candidates and select qualified ones by vote. If and when the number of qualified persons who are so selected by the vote exceeds the prescribed number of honorary members because it could so happen that more than two candidates poll the same number of votes, another and final voting is in order. If and when this final vote shows the same result, the oldest one (in case more than two) or the older one (in case of two) shall be chosen.

Article 8 (Decisions of the Division Meeting and General Assembly)

With respect to matters concerning the election at the meeting of the related Division and the ratification at the General Assembly, the provisions of Articles 11 and 13 of "the Regulations on the Election of Members of the NAS" shall be applied to them.

Article 9 (Notification of the Election of Honorary Members)

If any one is elected honorary member with the ratification of the General Assembly, the President of the NAS shall send a written notice as prepared in accordance with the attached Form II to the elected and ratified person within three months.

ADDENDUM

These Regulations shall enter into force on the date of their promulgation.
