I. FOREWORD

Foreword

Dr. Sook-Il Kwun
*Vice President /
Acting President*

The National Academy of Sciences, Republic of Korea (hereinafter, NAS), was inaugurated on July 17, 1954, and entrusted with the duty of promoting the development of sciences and culture. Founded on the legal basis of Culture Protection Act promulgated on August 7, 1952, the NAS initially comprised 50 members.

On March 25, 1954, fifty members were selected: twenty-five from the humanities and social sciences, and twenty-five from the natural sciences. Thirty-four years later, on December 31, 1988, the Culture Protection Act of 1952 was replaced by the Act of the NAS. The ceiling of the NAS membership expanded into 150, totaling 135 as of December 2013: 68 in the Humanities and Social Sciences Division and 67 in the Natural Sciences Division. The NAS is subdivided into 11 sections and each member belongs to one of these 11 sections.

As a national institution of topmost scholars and scientists of the nation, the NAS provides advices and recommendations for the government on national policies on science and education. As part of its program for the promotion of science, the NAS sponsors one annual international symposium and holds a number of sectional seminars. It also publishes various research outputs, journals, and bulletins of its own.

The NAS will keep on making its effort to promote sciences. In the years ahead the NAS will make more effort to strengthen its academic exchange and cooperation with international science organizations. It will continue to play its due role nationally and internationally. In 2014, the NAS will celebrate the 60th anniversary since its founding. In commemoration of the 60th year, a symposium and a book exhibition will be hosted at the NAS on May 14. The NAS will also produce publications reflecting the courses the Academy has followed for the past ten years.

4. Organization	16

1. Purpose

The Purpose of the NAS is to contribute to the development of science through the recognition and support of outstanding scientists in the fields of humanities, social sciences and natural sciences and also through the promotion of research and support for related programs and projects.

2. Functions

- Consultations and proposals on national policies related to the promotion of science
- Scientific research and support
- Domestic and international academic exchanges and organizing academic events
- Presentation of the NAS Award
- Other matters concerning the promotion of science

3. History

- Aug. 7, 1952** The Culture Protection Act was promulgated (Law No. 248).
- Oct. 4, 1952** The Preparatory Committee was formed for the Inauguration of the NAS.
- Apr. 14, 1953** Decree on the Registration of Writers and Artists was promulgated (Presidential Decree No. 773).
- Mar. 25, 1954** The first regular members of the NAS totalling 50 were selected: 25 for the Humanities & Social Sciences Division and 25 for the Natural Sciences Division.
- Jun. 12, 1954** The First General Assembly of the NAS was held.
· Members of the Board of Directors were elected.

- Dr. Il Sun Yun was elected first President (re-elected for a 5-year term).
 - Divisions and Sections were formed, and their membership quota was determined.
 - Several members were selected to draft the Regulations of the NAS.
- Jul. 17, 1954** The National Academy of Sciences (NAS) was inaugurated.
- Jul. 17, 1955** The First NAS Award was awarded.
(The 58th NAS Award was awarded in 2013.)
- Nov. 18, 1957** The NAS joined the Pacific Science Association (PSA).
(The 12th PSA Inter-Congress was held in 2013 in Suva, Fiji.)
- Dec. 2, 1957** The Culture Protection Act was amended (Law No. 459).
 - The Minister of Education became responsible for the management of the NAS.
 - The legal basis was provided for the establishment of the Secretariat of the NAS.
- Sept 23, 1959** Decree on the Organization of the Secretariat of the NAS was promulgated (Presidential Decree No. 1515).
 - The Secretariat initially consisted of three divisions: General Affairs Division, Science Promotion Division, and Research Division. At present it consists of two divisions: General Affairs Division and Science Promotion Division.
- Feb. 3, 1960** The Culture Protection Act was amended (Law No. 546).
 - Members were classified into two types: those appointed and those selected through recommendation.
 - The ceiling of membership expanded from 80 to 100.
- May 4, 1960** The 1st International Symposium was held.
(The 40th International Symposium was held in 2013.)
- Jun. 28, 1960** Dr. Pyong Do Yi was elected the 7th President of the NAS (re-elected for a ten-year term).
- Sept 26, 1961** The NAS joined the International Council of Scientific Unions (ICSU).
- Nov. 11, 1970** The Committee on Pollution was established.
- Oct. 5, 1973** The NAS joined the International Foundation for Science (IFS).
(The 8th General Assembly was held in 1997 in Rio de Janeiro, Brazil.)

- Jun. 8, 1977** The NAS joined the Union Académique Internationale (UAI).
(The 87th UAI General Assembly was held in Mainz, Germany.)
- Apr. 13, 1981** The Culture Protection Act was amended (Law No. 3435).
· Membership ceiling changed: 30 senior members, 100 regular members and 500 associate members.
· The term of the regular and associate members was up to the age of 70.
- Jul. 29, 1981** Dr. Tai Whan Shin was elected the 18th President of the NAS.
- Feb. 11, 1983** Dr. Tai Whan Shin, President of the NAS, was elected President of the Pacific Science Association (PSA).
- Jul. 9, 1983** Dr. Chong Sup Shim was elected the 19th President of the NAS (re-elected for a subsequent two-year term).
- May 10, 1984** The Korean Language Research Institute was founded.
- Aug. 12, 1985** The Secretariats of the Academies of Sciences and Arts were merged (Presidential Decree No. 11738).
- Nov. 25, 1985** Ground was broken for the construction of the Academies of Sciences and Arts.
- Apr. 16, 1986** The Research Foundation of the NAS was established.
- Sept 26, 1987** The NAS joined the Federation of Asian Scientific Academies and Societies (FASAS).
(The 6th FASAS Council Meeting and the 3rd ASTC was held in 2011 in Katmandu, Nepal.)
- Aug. 26, 1988** Dr. Ton Kak Suh was elected the 22nd President of the NAS (re-elected for a one-year term).
- Dec. 31, 1988** The NAS Act was promulgated (Law No. 4045).

4. Organization

■ Table of Organization

■ General Assembly

The General Assembly, the highest decision-making body of the NAS, is responsible for approving admission of its members, regular and honorary, ratification of the NAS Award recipients, election of its President and Vice-President, enactment and amendment of its operational and other rules. The annual general meeting is held in July and ad hoc meetings to handle latest impending issues are held whenever deemed necessary.

■ Division Meetings

The NAS consists of two divisions: one is the Humanities & Social Sciences Division and the other the Natural Sciences Division. Division meetings are held to deliberate and decide on the election of its regular and honorary members and the selection of the NAS Award recipients.

■ Board of Directors

The Board of Directors is composed of 4 executive directors (President, Vice-President, 2 Division Directors) and 11 Section Chairs. The Board reviews and votes on the matters delegated by or proposed to the General Assembly and also such matters as deemed necessary by the President. Both President and Vice-President are elected by the General Assembly and their term of office is two years and renewable once. Directors of the Humanities & Social Sciences Division and the Natural Sciences Division are elected at the respective Division meetings and their term of office is one year and renewable once. Section Chairpersons are elected by the members of each Section and their term of office is one year and renewable once.

■ Section Meetings

All members of the NAS belong to a section depending on their field of

study. There are 11 Sections in all, 6 in the Humanities & Social Sciences Division and 5 in the Natural Sciences Division. Each section holds 6 meetings a year, in which research works of members are presented and discussed, membership and honorary membership candidates are screened, and a preliminary review of the NAS Award is conducted.

■ The Screening Process of the NAS Award

The recipients of the NAS Award are selected through a 3-step screening process: the preliminary screening by each Section, the divisional review by the Screening Committee of the two divisions, and the final decision by the Comprehensive Deliberation Committee. Each Screening Committee is composed of 15 or less members and the Comprehensive Deliberation Committee of President, Vice-President, 2 Division Directors and 11 Section Chairpersons.

■ The Publication Compilation Committee

The Committee is comprised of President, Vice-President, two Division Directors, and 11 members, one from each section. It is in charge of matters pertaining to the basic planning of the NAS publications, including the request and review of manuscripts, and other activities related to the compilation of all the publications issued by the NAS.

■ The Secretariat

The Ministry of Education operates a Secretariat to support the administrative affairs of the NAS.

■ 1. The NAS Award

The NAS Award was established in 1955, in accordance with the Culture Protection Act, to further the advancement of science in Korea. The National Academy of Sciences presents the NAS Awards to Korean scholars and scientists who have made significant contributions to the development of sciences through research and academic pursuits. A total of up to 6

from Humanities & Social Sciences Division and the Natural Science Division are awarded each year.

As of 2013, a total of 212 scholars received the NAS awards. Awardees are presented with the Letter of Citation and an emblem, plus a cash prize of 50,000,000 *won* (approximately USD 46,000).

The selection of recipients is made in accordance with the “Regulations of Award of the National Academy of Sciences Prize.” All the successive recipients of the NAS Award are listed).

The NAS will make an effort to increase the number of recipients.

■ 2. International Symposium

The NAS holds its annual International Symposium in October. The symposium is intended for the exchange of academic knowledge and promotion of goodwill among scholars of the world. The 1st International Symposium was held in 1960 and the 40th International Symposium in 2013.

The 40th International Symposium was held on October 18, 2013, in the Grand Conference Hall of the NAS, with “Moral Education at the Crossroads—in our Age of Highly Advanced Science and Technology” as its theme.

■ 3. Korea-Japan Science Forum

The NAS holds the Korea-Japan Science Forum to enhance the academic activities and to promote the mutual understanding and cooperation between the two academies. Under the theme of “Law and Medicine”, the 8th Korea-Japan Science Forum was held in Hoam Faculty House of Seoul National University from September 25 to 27, 2013. The 9th Korea-Japan Science Forum will be held in Tokyo, Japan from September 30 to October 2, 2014.

■ 4. NAS Seminars

To promote the development of science in Korea and to advise the Government for the formulation of enlightened policies the NAS hosts one academic research seminar and one policy research seminar every year. The objective of these seminars is to derive maximum advantage from the latest results of scientific researches as well as the expertise and professional knowhow of the NAS members. The academic seminar and the policy research seminar are held in May and November, respectively. Seminars other than these two are also organized by each Section once a year.

Policy Research Seminar, 2013

■ 5. NAS Research Grants

As a measure of continuous support for research activities of the members, the NAS Research Foundation provides selected NAS members with research grants every year. A total of 17 research projects are carried out annually—11 projects, one each from 11 Sections, 2 projects, one each from 2 Divisions, 2 projects for the Academic Research Seminar, and 2 projects for the Policy Research Seminar. Each project is funded by a grant of a fixed amount. Results or findings of these projects are presented either at the Section seminars and the Policy Research Seminar. They are also published in the *Journal* of the NAS and distributed to domestic and overseas academic organizations. Findings of Policy Research projects are conveyed to relevant ministries of the Government for their reference and utilization.

■ 6. Collaborations with Foreign Academies

The NAS is making every effort to establish collaborative relationship with foreign academies for the development and exchanges of sciences. In 1990 cooperative relations protocols were established between the NAS and the Israel Academy of Sciences and Humanities and in 1992 between the NAS and Académie des Sciences of France. In 1993 the NAS signed similar protocols with the Chinese Academy of Sciences, the Chinese Academy of Social Sciences, the National Academy of Sciences of the United States, and the Royal Society of London. Cooperative relationship was also established between the NAS and the British Academy in 1995 and between the NAS and the Norwegian Academy of Science and Letters in 1996. Again in 1997 the NAS signed protocols for academic cooperation with the Royal Swedish Academy of Letters, History and Antiquities and with the Mongolian Academy of Sciences. In 1998 the NAS exchanged a letter of cooperation with the Royal Swedish Academy of Sciences and the Memorandum of Agreement on academic exchanges with the Japan Academy. In 2010 the NAS signed a memorandum of understanding for scientific cooperation with the Croatian Academy of Sciences and Arts. Most recently, in 2011, a letter of intent was exchanged between the NAS

and the Göttingen Academy of Sciences and Humanities and a follow-up cooperative agreement was signed in 2012.

It is expected that international academic partnership and exchange will grow substantially in 2014 and the years to follow.

■ 7. Affiliated Research Institutes

In 1990 protocols for academic cooperation were signed between the NAS and various research institutes including the Academy of Korean Studies and the Korea Advanced Institute of Science and Technology. In 2012, the NAS established a cooperative agreement with the National Institute of Korean History for joint research projects. *The English Translation of the Annals of the Joseon Dynasty of Korea* is currently underway as part of UAI-supervised projects. Active academic discussions and exchanges of information often take place at international, as well as national, levels.

■ 8. Participations in International Conferences

To help promote international academic cooperation and enhance academic programs at home, the NAS participates in the meetings of various international academic organizations on behalf of the Republic of Korea.

These organizations include Pacific Science Association (PSA), International Council for Science (ICSU), the International Foundation for Science (IFS), Union Académique Internationale (UAI), Federation of Asian Scientific Academies and Societies (FASAS), International Geosphere-Biosphere Programme (IGBP), InterAcademy Panel: The Global Network of Science Academies (IAP), InterAcademy Medical Panel on Global Health Issues (IAMP), Science Council of Asia (SCA), and International Social Science Council (ISSC).

- 1) The NAS joined IFS in 1973 and it had been taking part in its triennial general meeting from 1978 to 1997.
- 2) The NAS joined ICSU at its 9th general meeting in 1961, and has ever

since been dispatching two delegates to its general assembly held every three years.

- 3) The NAS delegation attends PSA Congresses, PSC (Pacific Science Congresses) and PSIC (Pacific Science Inter-Congresses), contributing to the promotion of academic exchanges in the region since the NAS joined PSA at its 9th meeting in 1957. It held its 16th General Meeting in Seoul in 1987.
- 4) Since it joined UAI in 1977, the NAS has been sending two delegates to its meeting every year until 2013. As part of UAI's research activities, the NAS published *A Korean Language Atlas* in 1993. Another research project *English Translation of the Annals of the Joseon Dynasty of Korea* was accepted as a UAI Enterprise in 2012.
- 5) Since the NAS joined FASAS in 1987, the NAS delegate has been attending both its council meeting and international symposium held once every year. The NAS held FASAS council meeting in Seoul in 1993. Dr. E-Hyock Kwon was elected vice-president of FASAS in 1992. In 2011, FASAS decided to merge itself with Association of Academies of Science in Asia (AASA) to launch Association of Academies and Societies of Sciences in Asia (AASSA). AASSA is a non-profit international organization, having 34 scientific organizations from 30 countries in Asia and Australasia.
- 6) Since 1995, the NAS has actively participated in IGBP activities. The NAS supported the 9th SC-IGBP Meeting and International Workshop in the Asia region held in Seoul respectively on October 18–22 and November 11–13, 1996.
- 7) Since the NAS joined IAP in 2000, it has been sending its delegates to attend its conference.
- 8) The NAS joined IAMP in 2000, and has been participating in the IAMP's general assembly.
- 9) Since the NAS joined the SCA in 2000, its delegates have been attending the SCA's general assembly meetings and conferences. Dr. Ho Wang Lee was

elected president of SCA in 2003. The 4th Science Council of Asia (SCA) Conference was hosted by the NAS at Westin Chosun Hotel in Seoul in 2004.

- 10) The NAS joined ISSC in 2010, and has been actively participating in the ISSC's general assembly and symposia.

In the years ahead the NAS will attempt to actively take part in research projects conducted by aforementioned 9 international academic organizations. Through these international activities the NAS hopes to share, more than anything else, the vision of promoting human welfare with international science organizations.

■ 9. The NAS Research Foundation

The NAS established Research Foundation in April 1986 to provide substantial assistance for the NAS members' academic activities. The basic assets of the Foundation were created with contributions from the NAS members as well as from economic organizations. The President of the NAS serves as Chairperson of the NAS Research Foundation. Directors include former Presidents and public personages. The major programs of the Foundation are to provide the NAS members with research grants, to subsidize their academic meetings and exchange with foreign scholars, to help them participate in international conferences, and to support their academic publications.

■ 10. NAS Publications

To facilitate various academic publications and to review the papers contributed to the *Journal*, the NAS has created "Regulations of the NAS Publications Committee".

- 1) The NAS *Journal*, published annually, consists of two volumes: one for the Humanities and Social Sciences and the other for the Natural Sciences. The *Journal* carries two theses from each of the eleven sections of the NAS.

Since its first issue that came out in 1959, fifty-one volumes have so far been published.

- 2) The NAS Bulletin is issued every year. The Annual Bulletin contains a brief introduction of the NAS and its major annual project reports. The outcomes of membership seminars and individual activities are also included there. In 2013 the 54th issue of the Bulletin was published (its first one out in 1957). The Bulletin copies are distributed to foreign academies, major universities and institutes at home and abroad. The Bulletin is issued biennially in English.
- 3) The bibliographies compiled for various academic fields used to be published either every year or every other year. It contains the abstracts of the articles selected from among the many academic articles published in Korea and those published by Korean nationals abroad since 1901. The first one was *Bibliography of Korean Language and Literature* published in 1966. The last one, the 55th Volume in the series, was *Bibliography of Communication and Electronics* which was published in 1999. They were distributed to foreign Academies, major university libraries and other domestic academic institutes.
- 4) Proceedings of International Symposia, available in Korean and English, have been published since the 3rd International Symposium held in 1975. They are also distributed to foreign Academies, major universities and institutes at home and abroad.
- 5) For the purpose of providing references for those scholars at home and abroad who are interested in Korean studies, the NAS published in 1983 *An Introduction to Korean Studies*, covering the politics, economy, social and cultural aspects, and history of Korea. It was written by leading NAS members and scholars in related fields. It was distributed to foreign academies and institutes of Korean studies. Its English version was out in 1986.
- 6) Until 2010, the NAS published an annual series of “The Development of Science Study in Korea” (in Korean) for the purpose of providing references for the scholars at home and abroad who are interested in the development of sciences in Korea. Its leading contributors are NAS

■ 11. Supporting Outstanding Books for Basic Science promotion

The NAS has been undertaking the 'Program of the Selection and Distribution of Outstanding Books' delegated by the Ministry of Education as part of the Ministry's Basic Sciences Promotion Project. Books in the fields of Humanities, Social and Natural Sciences, and Korean Studies are eligible for selection. Through a process of rigorous evaluation the NAS annually selects some 300 outstanding books. The NAS allocates maximum amount of nearly 8,000,000 won per book to purchase those selected ones and distributes them to universities, public libraries, and research centers throughout the nation.

Selection of Outstanding Books

*Over 120,000 Copies of Outstanding Books
Ready for Distribution, 2013*

1. The Act of the NAS

Formulation under Law No. 4045, December 31, 1988;
7th Amendment under Law No. 11690, March 23, 2013

Article 1 (Purpose)

The purpose of this Act is to establish the National Academy of Sciences, Republic of Korea (hereinafter "NAS"), so as to contribute to the development of science through the recognition and support of scholars and scientists with outstanding records and to promote research and related programs.

Article 2 (Function)

The NAS is a representative organ of scholars at home and abroad, carrying out the following functions necessary for the development of sciences:

1. Policy consultation and recommendation on the promotion of sciences
2. Academic research and its support
3. Domestic and international academic exchange and cooperation and holding academic events
4. Presentation of the NAS Award
5. Other matters concerning the promotion of sciences.

Article 3 (Organization)

1. The NAS is composed of its members (hereinafter referred to as members).
2. The total number (quota) of members is 150.
3. The NAS consists of the Humanities and Social Sciences Division and the Natural Sciences Division, and both divisions have respectively 6 and 5 sections (11 in all), one for each specialized field.
4. Each member belongs to one of the sections according to his/her specialized field.

Article 4 (Member Qualification)

The member shall be a national of the Republic of Korea conforming to one of the following paragraphs.

1. A person who is graduated from a school, or a one higher than, specified in the paragraphs in Article 2 of the Higher Education Act and whose academic career exceeds twenty years with an outstanding achievement for the development of science.
2. A person whose academic career exceeds thirty years with an outstanding achievement for the development of science.

Article 4.2 (Membership Disqualification)

1. A person conforming to one of the paragraphs in Article 33 of the State Public Officials Act shall not be a member.
2. A member who conforms to Paragraph 1 or who turns out to be one conforming to Paragraph 1 at the time of election shall be disqualified.
3. The member who harms reputation and dignity of membership shall be disqualified with the General Assembly's approval.

Article 5 (Election of Members)

1. Members shall be chosen by each related Section and Division by vote from among those qualified candidates who have been recommended by either one of the NAS members or one of the academic organizations in respective fields designated by the NAS and have successfully passed the screening of the Member Screening Committee. Those candidates chosen by the above-mentioned procedure shall be approved by the General Assembly.
2. Matters necessary for the composition of the Member Screening Committee are determined by the General Assembly.

Article 6 (Term of Members)

1. The term of membership is lifetime.
2. Members serve part-time.

Article 7 (Treatment of Members)

1. The State shall treat members favorably and take measures necessary for putting their learning and experience to practical use.
2. The members are paid allowance or pension under the conditions prescribed by the Presidential Decree.

Article 8 (Election of President and Vice-President)

1. The NAS has one President and one Vice-President.
2. Both President and Vice-President are elected by the General Assembly.
3. The term of both President and Vice-President is two years and is renewable once.

Article 9 (Duty of President and Vice-President)

1. The President takes charge of the affairs of the NAS and represents it.
2. The Vice-President assists the President, and if the President is absent owing to any accident, he acts for the President.

Article 10 (Director of Division)

1. Each division has a director who is chosen from among its members by vote.
2. The term of the director of each division is one year and is renewable once.
3. The director of each division manages the affairs of the division.

Article 11 (Section Chair)

1. Each section has a section chair, and the section chair is chosen from among its members by vote.
2. The term of each section chairperson is one year and is renewable once.
3. The section chairperson manages the affairs of his/her section.

Article 12-1 (Meeting)

1. Meetings of the NAS are classified into the General Assembly, Division meeting and Section meeting.
2. The General Assembly is the highest deliberative organ of the NAS, and if the President deems it necessary, or a third or more of the members call for a meeting, the President shall convene it.
3. The Division and Section meetings shall, if necessary, be convened by the division director and the section chairperson respectively.
4. The decision of the meeting shall be made by the attendance of a majority of the members and with affirmative votes of a majority of the attendants.

Article 12-2 (Honorary Member)

1. The NAS may elect foreigners who have excellent scholarly achievements to be honorary members of the NAS to promote international academic exchange and cooperation.
2. Matters related to the number, qualification, term, method of election, allowance, etc., of honorary members are determined by Presidential Decree.

Article 13 (Support of Academic Activities)

The State may pay a bounty, subsidy or monetary reward for meritorious service to scholars or academic organizations in compliance with the recommendation of the NAS.

Article 14 (NAS Award)

The NAS may award NAS prizes to persons who have performed an excellent academic research and rendered outstanding meritorious service.

Article 15 (Joining International Science Organizations)

The NAS may join international science organizations whenever necessary to do so.

Article 16 (Expenses)

Expenses needed for enforcing this Act are borne by the Government.

Article 17 (Support)

The Minister of Ministry of Education, Science & Technology shall support academic activities of the NAS.

Article 18 (Secretariat)

1. The NAS shall have a secretariat.
2. The organization and the number of the staff of the Secretariat are decided by Presidential Decree.

Article 19 (Operational Rules)

Details necessary for the operation of the NAS are decided by its General Assembly.

2. Regulations on the NAS Award

Formulation under NAS Regulation No. 20, December 31, 1974;
14th Amendment under NAS Regulation No. 77, March 15, 2013

Article 1 (Purpose)

These regulations are to prescribe matters concerning the prize to be awarded by the NAS to help promote the academic advancement in accordance with the provision of Article 14 of the NAS Act.

Article 2 (Name)

The prize shall be called National Academy of Sciences Award (hereinafter referred to as the NAS Award).

Article 3 (Date of Presentation)

1. The NAS Award shall be presented on the 17th of September every year. However, when the day falls on a public holiday, the presentation shall take place on the following day.
2. In special circumstances, the date of the presentation may be changed by the discretion of the President of the NAS (hereinafter referred to as the President).

Article 4 (Award Requirements and Divisions)

1. The NAS Award shall be presented to the nationals of the Republic of Korea whose research articles or publications have made significant contributions to the academic development or who have been recognized as having potentials for such contributions.
2. The NAS members are not eligible for the NAS Award, except those who become members of the NAS after having already been chosen as NAS Awardees.
3. In accordance with Paragraph (1), the NAS Award shall be presented to four separate fields, namely the Humanities, Social Sciences, Basic Natural Sciences, and Applied Natural Sciences.
4. Award recipients are restricted to the maximum of six in number, there being two or less for each field. However, if and when the recipients chosen exceed the prescribed number, Special Screening Committee shall be set up to adjust the number.

Article 5 (Recommendation of Candidates)

1. The President shall request, not later than October 31st of the previous year of the presentation, the members of the NAS and the heads of the academic institutes and organizations both at home and abroad to recommend eligible candidates for the NAS Award.
2. The President may seek, if necessary, further recommendations from a special committee composed of the NAS members and qualified persons from outside.
3. The President shall receive a list of the recommended candidates for the NAS Award from those prescribed in Paragraph (1) not later than the end of December of the previous year of the presentation.
4. The President shall, without any delay, refer the list of candidates thus obtained to the related Sections of the NAS.

Article 6 (Preview by Section Meeting)

1. A Section meeting shall preview articles and/or publications, and other relevant matters of the candidates and notify the President the result of the preview, upon which the President shall refer it to the Screening Committee of each Division as prescribed in Article 9.
2. A Section meeting may recommend evaluating members relevant to the screening committee, and the preview by Section meeting shall be convened no more than twice.
3. The result of the preview will be decided by the attendance of a simple majority of the Section members and by the approval of the majority of the members attended.
4. Each Section shall choose not more than two from among the candidates and refer him/her or them to the Screening Committee.

Article 7 (Divisional Screening Committee)

1. There shall be four screening committees; namely the Humanities Division Screen Committee, the Social Sciences Division Screening Committee, the Basic Natural Sciences Division Screening Committee and the Applied Natural Sciences Division Screening Committee.
2. Under Paragraph 1 the screening committees aforesaid shall each be composed of 5 or more, 13 or less, including the chairperson of the committee. The President, upon receiving the result of the Section meetings and the recommendation of the Director of each Division, shall organize the Screening Committees. The Director of Humanities & Social Sciences Division shall serve as an ex officio member of the Humanities Division Screening Committee and the Social Sciences Screening Committee; the Director of Natural Sciences Division shall

serve as an ex officio member of the Basic Natural Sciences Division Screening Committee and the Applied Natural Sciences Division Screening Committee.

3. Each Divisional Screening Committee shall conclude its screenings by May 15 every year.
4. Each Screening Committee shall review researches and academic and meritorious achievements submitted by each candidate and duly evaluate them.
5. The meetings of each Screening Committee shall be held three times, but additional meetings may be convened, if necessary.
6. The Chairperson of each Screening Committee shall be named by the President from among the NAS jury members. The Chairperson shall preside at the committee meetings.
7. Each meeting of the Screening Committee shall be convened by the Chairperson of the committee. The attendance of more than two-thirds of the committee members and the concurrence of more than the majority of the members present shall be necessary for making any decision.
8. Each Screening Committee shall select not more than two prospective candidates for the NAS Award and notify the Chairperson of the result of the Comprehensive Deliberation Committee, as prescribed in Article 7.

Article 8 (Special Screening Committee)

The Vice-President shall serve as the Chairperson of the Special Screening Committee prescribed in Paragraph 4, Article 4. The Committee shall be composed of six or less members recommended by the Chairperson and appointed by the President. It shall conclude its screenings by May 31 every year.

Article 9 (Comprehensive Deliberation Committee)

1. The meeting of the Comprehensive Deliberation Committee shall conduct the comprehensive deliberation for the prospective candidate prescribed in Article 7, Paragraph 8.
2. The Comprehensive Deliberation Committee shall be composed of President and Vice-president, two Division Directors and eleven Section Chairpersons of the NAS. The President shall serve as the Chairperson.
3. The attendance of more than two-thirds of the Committee members and the concurrence of more than two-thirds of the members present shall be necessary for the decision of the Committee to be made.
4. The Committee shall conclude the deliberation by June 30th of the year and the Chairperson should notify, without any delay, the decision of the Committee to the Directors of both the Humanities and Social Sciences Division and the Natural Sciences Division.

Article 10 (Selection of the Awardees)

1. Each Division Meeting shall select, with the attendance of a simple majority of the members and the concurrence of a simple majority of those present, recipients of the Award from among the candidates as prescribed in Article 7, Paragraph 4. The number of recipients cannot exceed that which is prescribed in Article 4, Paragraph 4.
2. Each Division Director shall, without any delay, report to the President the prospective candidates thus selected.

Article 11 (Ratification of Awardees)

1. The President shall refer the list of Awardees notified by the Division Directors as prescribed in Article 10, Paragraph 2, to the General Assembly of the NAS for the ratification not later than thirty days before the date of the Award Ceremony.
2. The ratification as prescribed in Paragraph 1 shall be effective with the concurrence of the simple majority of the NAS members present.

Article 12 (Exclusion)

Under Article 4, Paragraph 2, no member of the NAS nominated as a candidate for the Award shall participate in its decision-making of the Divisional meeting and the General Assembly.

Article 13 (Supplementary Prize, etc.)

The recipients of the NAS Award shall be presented with the Letter of Citation, an emblem and a monetary award.

4. Regulations on the Provision of the NAS Academic Research and Policy Research Grants

Formulated under NAS Regulation No. 33, December 28, 1981
3rd Amendment under NAS Regulation No. 45, October 19, 2010

Article 1 (Purpose)

The purpose of these Regulations is to govern matters related to the provision on the NAS academic research and policy research grants with a view to fulfilling the function provided for in Article 2 of the NAS Act.

Article 2 (Recipients)

Recipients of the NAS academic research and policy research (hereinafter referred to as research grants) shall be the members of the NAS. If a need for joint research by more than one person arises, a person or persons who are not members of the Academy may participate. In this case, however, a member of the NAS shall be the joint research team leader.

Article 3 (Selection of Projects, etc.)

1. Projects, subject to the receipt of the research grants, and their researchers shall be selected by the NAS Board of Directors (hereinafter referred to as Board of Directors).
2. The President of the NAS shall assign research projects to those selected as prescribed in Paragraph (1).

Article 4 (Forwarding of Research Plan)

A person or persons to whom a research project has been assigned under the provisions of Article 3 shall furnish the President of the NAS with a research plan in the form given in Attached Sheet No. 1.

Article 5 (Payment of Research Grants)

1. Upon receiving a research plan as prescribed in Article 4, the President of the NAS shall determine the amount of research grants through deliberations by the Board of Directors.
2. Research grants shall be paid in two installments annually. However, they may be paid in a lump sum in case the Board of Directors so decides.

Article 6 (Prohibition of Using Research Grants for Other Purposes)

The research grants paid shall not be used for purposes other than approved research projects.

Article 7 (Change in Research Plan)

1. When persons who have been paid research grants wish to change the research team leader or research period, they shall submit a request for approval of the change in the form given in Attached Sheet No. 2 to the President.
2. The President shall refer the submitted request for approval of any change in research plans prescribed in Paragraph 1 to the Board of Directors for approval.

Article 8 (Interim Report)

1. Persons, who have been paid research grants, shall submit an interim report to the President within seven months from the time of the receipt of the grants by using the form given in Attached Sheet No. 3.
2. Upon the receipt of an interim report prescribed in Paragraph 1, the President shall determine whether to pay the second installment of the fund through deliberations by the Board of Directors.

Article 9 (Report on the Research Result)

1. Persons, who have been paid research grants, shall submit a summary report on the research result and the manuscript of their resultant theses to the President within a year from the time of the receipt of the grants by using the form given in Attached Sheet No. 4.
2. If persons, who have been paid research grants, fail to submit a summary report on the result of research and the manuscript of their resultant theses within the period prescribed in Paragraph 1 or within a period approved under the provisions of Article 7, they shall refund the research grant depending on the decision of the Board of Directors.
3. Persons who have been paid research grants shall not, without the approval of the Board of Directors, make public or publish the results of the research in a journal published by an organization other than the NAS.
4. When the result of research projects is printed in one of the NAS publications, there shall be no payment for it.

Article 10 (Disposition of Results of Research)

The President shall, through deliberations by the Board of Directors, take measures as follows:

1. To publish the research results either in the NAS Journal or in the NAS academic research report.

2. To make policy recommendation based on them.
3. To use them for an academic seminar sponsored by the NAS.

ADDENDUM

(NAS Regulation No. 33, December 28, 1981)

These Regulations shall come into force on the date of their promulgation.

ADDENDUM

(NAS Regulation No. 45, January 24, 1989)

These Regulations shall come into force on the date of their promulgation.

5. Regulations of the NAS International Exchange & Cooperation Committee

Formulated under NAS Regulation No. 69, March 13, 2009.

Article 1 (Purpose)

The purpose of these regulations is to prescribe overall matters of NAS international exchange activities such as international academic cooperation and the gathering of information on international academic awards in accordance with Article 15 of the Act of the NAS.

Article 2 (Function)

The Committee shall deliberate and decide the following matters:

1. The academic exchange and cooperation with foreign science academies and international science organizations
2. The dispatch of delegation to international science organizations
3. The nomination of candidates for international academic award and cooperation with relevant institutions.

Article 3 (Composition)

1. The Committee shall be composed of fifteen members including one chairperson.
2. The Vice-President shall be the chairperson of the Committee.
3. The directors of two NAS divisions shall be the *ex-officio* members of the Committee.
4. The President shall nominate one member each from the 11 NAS Sections.
5. The term of the members is two years and is renewable.
6. The President shall fill a vacancy by nominating a member from the relevant NAS Section and the newly nominated member shall serve for the remaining term.

Article 4 (Chairperson)

1. The chairperson shall preside over Committee affairs and represent the Committee.
2. The oldest *ex-officio* member shall preside at the meeting in case the chairperson is unable to do so.

Article 5 (Meeting)

1. A Committee meeting shall be convened by the chairperson when either the chairperson deems it necessary or it is requested by more than half of the Committee members.
2. The decision of the Committee shall be made by the attendance of a simple majority of the Committee members and the concurrence of a simple majority of the attendants. In case of a tie, the presiding chairperson shall exercise his casting vote.

Article 6 (Executive Council)

1. The Executive Council shall be composed of seven or less members including chairperson and *ex-officio* members and shall promote international academic exchange and cooperation in addition to dispatching delegation to international science conferences.
2. The term of Executive Council members is one year and is renewable.

Article 7 (Secretary, etc.)

1. The Committee shall be provided with a secretary and a clerk.
2. The director of Science Promotion Division shall serve as the secretary and the President shall appoint a clerk from among the staffs of Science Promotion Division.
3. The secretary shall deal with the Committee matters according to the instructions of the chairperson, and the clerk shall assist the secretary.

ADDENDUM

1. These regulations of International Exchange and Cooperation Committee shall be enforced on the date of their promulgation.
2. (Repeal of existing related Regulations) The "Regulations on the NAS Korea Committees of International Academic Organizations (NAS Regulation No. 67, March 9, 2007)" as well as the "Regulation of NAS International Cooperation (NAS Regulations No. 61, April 1, 2002)" shall be repealed with the enforcement of these Regulations.

6. Regulations on the Election of the NAS Honorary Members

Formulated under NAS Regulation No. 65, July 15, 2003

Article 1 (Purpose)

The purpose of these Regulations is to prescribe necessary matters concerning the composition and operation of the Honorary Member Qualification Screening Committee under Article 5 of the Regulation on the Appointment, etc. of the NAS Honorary Members (hereinafter referred to as the Appointment Regulations).

Article 2 (Composition)

1. The Honorary Member Qualification Screening Committee shall be composed of fifteen committeemen/committeewomen: President and Vice-President, 2 Division Directors, and 11 Section Chairpersons.
2. The Chairperson of the Honorary Member Qualification Screening Committee shall be the President of the NAS.
3. A majority of the committeemen/committeewomen of the Honorary Member Qualification Screening Committee shall constitute a quorum of the meeting thereof and the meeting shall make decisions by a simple majority of the committeemen/committeewomen present.

Article 3 (Functions)

The functions of the Honorary Member Qualification Screening Committee shall be as follows:

1. Designation of academic organizations to recommend honorary members
2. Comprehensive screening of candidates for the honorary membership
3. Other matters concerning the operation of the Honorary Member Qualification Screening Committee.

Article 4 (Qualification for Honorary Membership)

Qualified are foreign scholars who are internationally recognized to have produced an outstanding academic research achievement and who were awarded a prize of international authority or accomplished such an excellent research achievement as recognized internationally.

Article 5 (Recommendation of Candidates for Honorary Membership)

1. Any NAS member or the head of any relevant academic organization designated by the NAS may recommend a candidate for the honorary membership.
2. Any one who intends to recommend a candidate for the honorary membership shall submit a written recommendation as prepared in accordance with the attached Form I to the President of the NAS.
3. The Chairperson of the Honorary Member Qualification Screening Committee may, for the purpose of conducting any screening of a recommended candidate for the honorary membership, require recommenders of candidates to submit necessary materials.

Article 6 (Screening by Each Section)

1. The President of the NAS shall require the related Section to conduct screening candidates recommended for the honorary membership, and a majority of the Section members shall constitute a quorum of the meeting thereof and the meeting shall make decisions by a simple majority of the members present.
2. The Chairperson of the Section concerned shall notify the President of the result of the screening.

Article 7 (Screening by the Honorary Member Qualification Screening Committee)

The Honorary Member Qualification Screening Committee shall conduct the comprehensive screening of the qualification of the honorary-member candidates and select qualified ones by vote. If and when the number of qualified persons who are so selected by the vote exceeds the prescribed number of honorary members because it could so happen that more than two candidates poll the same number of votes, another and final voting is in order. If and when this final vote shows the same result, the oldest one (in case more than two) or the older one (in case of two) shall be chosen.

Article 8 (Decisions of the Division Meeting and General Assembly)

With respect to matters concerning the election at the meeting of the related Division and the ratification at the General Assembly, the provisions of Articles 11 and 13 of "the Regulations on the Election of Members of the NAS" shall be applied to them.

Article 9 (Notification of the Election of Honorary Members)

If any one is elected honorary member with the ratification of the General

Assembly, the President of the NAS shall send a written notice as prepared in accordance with the attached Form II to the elected and ratified person within three months.

ADDENDUM

These Regulations shall enter into force on the date of their promulgation.
